PRE-SCHOOL

UDGAM

Where The Future Begins

EVERYTHING YOU NEED TO KNOW IN LIFE YOU LEARN IN THE PRE-SCHOOL

Surprised? Sounds like an over-claim? Makes you laugh? How can you ever learn in pre-school anything that you'll use in your adult life?

Well, here are some of the lessons that children learn in UDGAM, Take a look at them and see how they hold true for an entire lifetime.

- ▲ There is a whole thrilling, exciting, HUGE world beyond your known limits.
- ▲ The more you explore, the more you discover.
- ▲ Sharing toys is more fun than playing alone.
- ▲ Learn to eat yourself because no one will spoonfeed you.
- ▲ Always put away your things and clean-up your mess.
- ▲ Don't fight with your friends.
- ▲ You get the sweets only after you do the work.
- ▲ After you've climbed it, no height is as scary as it looked from the ground.
- ▲ Things can break if you handle them too roughly.
- ▲ Girls are different from boys.
- ▲ Always hold your partner's hand when you cross any road.
- ▲ If you don't watch your step, you can fall and hurt yourself.
- ▲ A loving hug is always welcome.

“Hidden within a small seed is the potential of a large tree. Contained within a little child is the promise of greatness. We let them bloom and grow naturally.”

What a child learns at Udgam are lessons for a lifetime.

The Future begins

When the child's
eyes paint
the world
with the
colours of
his
imagination

Mom, please ask God to give me
his crayons. I want to paint a
Butterfly too.

The Future begins

When the child soars on
the wings of his dreams

When I am the pilot,
my Aeroplane can fly faster
than fifty rockets

The Future begins

When the child learns to build
and enhance his strengths

Mamma see, even Godzilla
can't break the Buildings I make.

The Future begins

When the child gets the confidence
to climb over any difficulty

When i grow up I'll climb
the biggest mountain in the
world in **5 minutes**

The Future begins

When the child wants
to give expression to her love

I'm making the world's
best pudding
for my papa

Chocolate,
masala chips,
ice cream,
jelly, milk,
cheese sandwich
and banana...

The Future begins

When the child begins to
explore and discover the world

I am going to drive round
and round the world
with Didi and see Everything
